The next full page is dedicated to your autobiographical essay. Your autobiography should give the selection committee insight into you as a person, as well as your future personal, educational, and vocational goals. The committee is interested in knowing you beyond what has already been stated above. A well-written, detailed essay will be to your benefit in the selection process. Please include any interesting, unusual, or goal-shaping experiences you have had. Outstanding accomplishments previously stated may be elaborated upon, but do not merely provide a long list of extracurricular activities. (These can be stated earlier in the application.) Please include a description of how you spend your "free time," that is, time not spent studying or reading for school. If you have an interesting or unusual hobby or part-time job, you may include a description of it. The autobiography should be written in narrative form and all text should be contained within the box provided.

If you type beyond the allowed box (a "+" sign may appear), overflow text will not print and may be lost when the document is emailed so stay within the confines of the space.

Autobiographical Essay

See instructions on previous page. Text is set to auto and will adjust it's size to your answer.

Your recommender may type his/her letter directly into this box, you may attempt to cut and paste it from another document into this box, or the letter may be attached to the email submission as a separate file. Text is auto and will adjust to the size of your answer.

Transcript

Please scan and email a copy of your most current high school transcript as an attachment along with this completed application form. Do not attempt to cut/paste a scanned copy directly into this document. Transcripts need not be "official."
