- ACSA believes every student deserves equal opportunities to succeed. On every school day throughout California, dedicated educators and courageous students overcome tremendous obstacles to reach their goals of academic excellence. Their success is our success; their powerful stories are our inspiration.
- ACSA's Every Student Succeeding (ESS) program honors students who exceed our expectations and the educators who support them along the way. We are proud to highlight these young men and women who have overcome great obstacles to succeed. They face life's challenges head on. Their stories are remarkable and their futures are bright.
- **Purpose:** The purpose of this award is to honor students at all grade levels who have succeeded, against all odds, beyond expectations or simply won the hearts of the administrators and other educators who helped them achieve their goals. One student from each region will be honored.
- **Eligibility:** The success of these students should be tied to the work of ACSA administrators and requires background information about how an ACSA member has contributed to the student's success. We know that other educators will also have made significant contributions to their support, including board members, teachers, guardians, community members, etc.
