## Book Exchange at the Summit

Many of us have cherished professional book collections that are hard to part with. Consider sharing them with other educational leaders. Bring these professional books (relatively current) to the Summit. We will have a table set up so attendees can give and take these valuable resources.

## ACSA Academies the fast track to your career!

ACSA's job-specific academies provide a solid foundation of training in the application of leadership and management fundamentals for administrators who are new to advance leadership positions or aspiring to the same. The academies are seen as the "fast track" into your career as a superintendent, principal, business manager, curriculum and instruction or personnel administrator, special education/pupil services director, confidential employee or classified manager. We invite you to take advantage of these exceptional high quality professional learning opportunities as ACSA continues to innovate to better meet your needs.

The following three academies will be offered in Region 6 for 2018-19:
