## STANISLAUS & SAN JOAQUIN CHARTER JOINT PROFESSIONAL DEVELOPMENT

### HOW MANY WINS?

Jeff Eben, leader, author and hall of fame educator continues to move people and organizations around the world. His story and philosophy were built from a decision made as a teenager, after a catastrophic injury left him paralyzed and unable to pursue his dream as an athlete. The choice was clear; wallow in despair or celebrate the good things life has to offer. Jeff chose WINNING and has built a career building WINNING teams, schools and organizations. Spend some time with Jeff and your team will believe in the power of hope, the value of being a team and the importance of love and celebrating your WINS!

January 29, 2020
