the mission of acsa...

The Association of California School Administrators is the driving force for an equitable, world-class education system, and the development and support of inspired educational leaders who meet the diverse needs of all California students.

acsa
is your
career
partner!

The Association of California School Administrators provides a full range of academies, in ten leadership specializations, to meet your needs as a school administrator, confidential employee or classified manager. Because ACSA represents all members of the district management team, we can help you build the administrative and leadership skills needed in your current job, while preparing you to take advantage of career advancement opportunities.

ACSA's job-specific academies provide a solid foundation in the application of leadership and management fundamentals for administrators who are new or aspiring to advanced leadership positions. The academies are seen as the "fast track" into your career as a superintendent, principal, business manager, curriculum and instruction or personnel administrator, special education/pupil services director, confidential employee or classified manager. We invite you to take advantage of these exceptional high quality professional learning opportunities as ACSA continues to innovate to better meet your needs.

The academies attend to the California Professional Standards for Educational Leaders (CPSEL) and the standards for the California Commission on Teacher Credentialing's (CTC) Professional Clear Administrative Services Credential (CASC) program. The ACSA Clear Administrative Credential Program is CTC-approved (see additional information at www.acsaorg/credentialing and on page 7).

Benefits of academy participation

Academies offer a number of distinctive professional learning benefits including:

- Sustained, job-embedded professional learning that is supported by extensive materials and resources, and extended professional networking.
- Academy hours, if pre-approved by the credentialing program leadership and documented on the individualized induction plan (IIP), may be included in the clear administrative credential candidate's professional development plan (see additional credentialing information on page 7).

Note: Academies are not an independent clear administrative services credential pathway.

Academy program resilience

Against the backdrop of evolving local and statewide COVID-19 mitigation measures anticipated in 2020-21, ACSA will postpone offering Academies in the traditional in-person format and will preserve the high quality professional learning and networking long regarded as hallmarks of the Academy Program through being:

- Proactive in offering online Academy formats that will afford maximum opportunity for convening uninterrupted Academy meetings throughout the school year,
- Responsive to anticipated local and statewide budget and travel restrictions, and
- Collaborative in building and expanding the capacities of Academy Directors and presenters to lead and deliver engaging online learning.

Equity lens

At ACSA, we believe that every child deserves access and opportunity to quality teaching and learning every day, regardless of his or her ZIP code or family income. Socioeconomic conditions, race, gender, ethnic background, and other factors should not be barriers for educational attainment.

ACSA's mission statement is fundamental to our approach in being the driving force for an equitable, world-class education system, and the development of educational leaders in achieving equity. We believe that school leaders must be intentional and deliberate in disrupting inequities that continue to perpetuate the disparities among student groups. Additional information is available at www.acsa.org/equity.

In the ACSA academy program, in every leadership specialization, effective professional learning plays a vital role in expanding participants' capacity for equity-minded leadership.
