

## 2013-14 MENTOR APPLICATION ACSA REGION 8 PROGRAM OVERVIEW:

ACSA Region VIII is partnering with state ACSA to sponsor a valuable new local service for current and future ACSA members in Santa Clara County. Mentoring is a unique and informal professional support service focused upon operational, technical and managerial aspects of educational leadership. Mentoring helps educational leaders define, adjust and clarify their roles. It is a voluntary and collaborative member-to-member service. The mentoring relationship is based on permission and trust, bound by ethics and confidentiality. Mentoring provides emotional and professional support through skilled listening, caring, and through specific feedback focused on leadership development. This service is non-judgmental and non-evaluative, with topics entirely determined by the protégé.

Finally, ACSA Mentoring is a welcoming introduction to ACSA, its services, and to informal local and regional networking opportunities.

## SCOPE OF ACSA MENTORING:

ACSA Mentoring is designed to help Protégés to understand their current roles as educational leaders and how they can most positively and productively serve site, district, and community—students, staff, and parents. Administering programs efficiently contributes greatly to the leader's ability to focus upon instructional leadership responsibilities and in the management of time that allows leaders to have balanced, healthy lives. Experienced mentors can help! Having a skilled listener and practitioner to talk to may help protégés to better understand and effectively deal with challenges and obstacles to success.

Generally, Mentors and Protégés work together between one and three hours each month at times and places determined by each pairing. While face-to-face mentoring will surely be most valued, telephone or email contacts can augment personal meetings. Imagine being able to enter the principalship or another new administrative position with support from an experienced, supportive Mentor to help get you started. And, imagine that you could be the Mentor providing that vital support to a Protégé.

## A NOTE ABOUT ACSA LEADERSHIP COACHING:

There are needs of a Protégé, beyond those listed on the Protégé's Application, that require more attention or focus in the realms of instruction and student learning. These needs might more appropriately be served through ACSA's Leadership Coaching Program. Leadership Coaching includes: • Defining a vision for the school/district • Supervision and evaluation of instruction • Assessing and leading cultural change • Culturally responsive leadership • Meeting facilitation skills • Development of ongoing data-based, collaborative staff examinations of student learning. These are issues best addressed through more intensive, CPSEL-based, goal-oriented work with a trained and certified leadership coach.
