

MAKING COMMITMENTS

Before we conclude this offsite, we'd like to ask you to make a commitment to implement things you've learned at this conference. We'd like you to commit to:

1. at least **three** things you'll do in the next three weeks to demonstrate your personal commitment to applying what you learned here, and
2. **one** action you'll take immediately after the retreat. Use the "Commitment Memo" on the next page to record your actions.

Before you record your commitments: Select a **partner** with whom you'll communicate after the conference.

Once you've recorded your actions, get together with your partner and share your commitments.

1. Tell your partner **what** you are going to do.
2. Make a commitment to **call, email, or meet** with your partner to review what you each did and what you learned from it.

Be sure to exchange your respective phone numbers and e-mail addresses so you'll know how to reach each other.

Thank you.
