

EQUITY INSTITUTES

ACSA, in conjunction with our equity partners, is proud to bring you a unique new professional development experience designed to build your cultural proficiency capacity in order to lead for equity. We have designed a rich program for district teams and individual leaders from all educational levels to assist in the development of deep belief systems and understanding of diversity that empower you to be proactive and responsive to the diverse needs of the community you serve.

ACSA recognizes that all of our protected classes (including but not limited to LGBTQ, gender, disabilities, religion, and language) fall under the scope of this work and deserve intentional and strategic efforts to provide relevant support. While the work in each of our institutes will primarily focus on race/ethnicity, we believe the foundational skills that will be explored and developed are applicable to effectively serve all marginalized groups.
