**Guest Speaker: Lisa Lasky,  
Senior Director  
National Equity Project**

Lisa has worked in education for over 25 years as a teacher, leader, school and district coach. As a founding member of the National Equity Project, she currently leads our Leadership Development and Coaching Division overseeing support and services to a portfolio of clients from California to Mississippi.

Join us to begin our journey together this school year to engage in courageous conversations about equity. Our guest speaker will empower us to reimagine the possibilities in our leadership roles to take individual and collective action to create promising futures for our students.

National Equity Project's mission is to dramatically improve educational experiences, outcomes, and life options for students and families who have been historically underserved by their schools and districts.
