Thinking and planning for your next step in school leadership

Presenters: Brett McFadden, CBO Pajaro Valley (moderator), Dr. Ralph Porras, Supt. Pacific Grove USD, Peter Gutierrez, retired school administrator and ACSA Region 10 Coordinator, and Dr. Leslie Codienne, Interim Supt for Monterey Peninsula USD.

This ACSA Region 10 panel discussion and workshop is designed specifically for local school leaders in the Tri-County area. Local education leaders will be on hand to provide perspectives and best practices when it comes to career planning. Leadership is something that is developed and cultivated over time. Thinking and planning about future career opportunities is something all good leaders do. Panelists will be local leaders that have successfully navigated this arena and developed useful tips other education leaders can use in their own pursuits.
