

# REGION XIX

Association of California School Administrators  
RIVERSIDE COUNTY

## **ARE YOU –**

- **A new manager or administrator?**
- **A veteran manager or administrator in a new position?**

ACSA mentoring is a unique and informal professional support service focused on the operational, technical, and managerial aspects of the job. It differs from leadership coaching which is more formal and focused on growth of leadership capacity.

ACSA mentoring is voluntary and collaborative based on permission and trust, bound by ethics and confidentiality. It provides emotional and professional support through skilled listening, caring, and specific feedback by a wise, successfully experienced practitioner who has walked in the protégé's shoes.

If you are interested in becoming a protégé, visit the ACSA Region XIX website at:

<http://regions.acsa.org/19/>

Application deadline for mentors is October 15, 2013.
