academies at a glance

2020-2021

The Association of California School Administrators provides a full range of academies in ten leadership specializations. ACSA's job-specific academies provide a solid foundation in the application of leadership and management fundamentals for administrators who are new or aspiring to advanced leadership positions. The academies are seen as the "fast-track" into a career as a superintendent, principal, business manager, curriculum and instruction or personnel administrator, special education/pupil services director, confidential employee or classified manager.

The academies attend to the California Professional Standards for Educational Leaders (CPSEL) and the standards for the Commission on Teacher Credentialing's (CTC) Clear Administrative Services Credential (CASC). ACSA's Clear Administrative Credential Program, www.acsa.org/credentialing, is a CTC-accredited CASC program.

At ACSA, we believe that every child deserves access and opportunity to quality teaching and learning every day, regardless of his or her ZIP code or family income. In the ACSA academy program, in every leadership specialization, effective professional learning plays a vital role in expanding participants' capacity for equity-minded leadership.

For 2020-21, Academies will be available in one of two formats: Blended/Hybrid or Virtual/Online (see Academy Catalog for additional details). Academies begin August through October 2020.
